Thomas Kegler 2 Day Landscape Workshop

Location: “Commissioners Cabin” at Chestnut Ridge Park
6121 Chestnut Ridge Road | Orchard Park, NY 14127

Dates: Thursday July 9th & Friday July 10th 2026

Time: 10:00 am - 5:00 pm each day

Fee: \$250

Come join me for a memorable 2 day landscape painting workshop at one of Western New York’s most beautiful parks - “Chestnut Ridge”. I have rented the "Commissioner's Cabin" which is a perfect facility to host a workshop - built in restrooms, kitchen, large space for demonstrations, a covered porch in case it rains, and lots of beautiful motifs to paint including a large pond, forests, stream, etc..

The approach to traditional American landscape painting in the 19th Century involved spending much time immersing yourself in the outdoors. This workshop is modeled after the techniques and philosophy of the Hudson River School of the mid 1800's. The workshop is centered around painting techniques for all levels: beginner, intermediate and advanced students. Although students are encouraged to work in the medium of their choice, oil will be used in my demonstrations. Acrylic, watercolor and drawing techniques will not be addressed, but you will be able to apply many of the concepts and techniques if you choose to work in those mediums.

Students will be guided through processes of picking subject matter, color mixing and brushwork, as well as how to cope with ever changing weather and lighting conditions. Discussions on composition, value, color, edges, aesthetics, atmospheric perspective, theory, nature, and distilling the visual will also be offered.

I will start each morning with a demonstration and lecture. After a lunch break, students will begin by searching out a potential concept, motif and composition(s) via thumbnail drawings. The workshop's focus will then transfer to the students hands-on painting. I will give occasional demonstrations as needed during the afternoon student painting session. I will also circulate as students paint giving some individual suggestions as time allows.

Although I will demonstrate a new painting and theme each day, participants are encouraged to work at their own pace. You may choose to work on one single painting for the 2 days, or keep pace at one per day.
